

## FRIENDS WORLD COMMITTEE FOR CONSULTATION

### QUAKER YOUTH PILGRIMAGE 2010

#### PILGRIM APPLICATION

FWCC brings together people of many cultural, language and theological traditions in efforts to promote loving understanding of our diversities. The Quaker Youth Pilgrimage is an important part of the work of FWCC. Twenty-eight young Friends share an extraordinary experience of travel and learning for four weeks.

**The 2010 pilgrimage will take place in the Northwestern United States July 16 to August 18.** The theme of the 2010 Pilgrimage is "Living in the Garden of the Spirit" echoing the early migration of Friends to the Northwestern US. The Pilgrimage will begin with youth flying into Seattle, Washington, USA. The Pilgrimage will bring together 14 Young Friends (aged 16 to 18) from the section of the Americas and 14 from Europe with two adult leaders from each section on a four week journey of exploration. The youth will also depart from Seattle at close of the pilgrimage. This is an opportunity to promote loving understanding of our diversity within the worldwide Quaker Family

Pilgrims will discover that what may be acceptable in one cultural or Friendly tradition may be shockingly inappropriate in another. Pilgrims should come to the Pilgrimage with the awareness that there will be differences in standard of ethics and religious convictions and be prepared to explore these differences in an open and honest manner, with tenderness toward one another.

Pilgrims should be sensitive to each other in their use of language and expressions of physical affection. Willingness to accept responsibility for developing and living in community with other pilgrims and adult leaders is needed.

Being sensitive to one another's beliefs and traditions means being willing to modify one's own behavior so that all persons in the group can take part. To show respect for one another, you are asked to agree to certain standards of behavior during the Pilgrimage,

- Alcohol and drugs other than those medically prescribed are prohibited.
- The use of tobacco and tobacco products is strongly discouraged due to spiritual and cultural sensitivity issues. We ask those pilgrims who need to smoke to be aware of the cultural differences among Friends and to be sensitive to those on the Pilgrimage who may be uncomfortable with smoking among Friends.
- Sexual activity will not be permitted.
- Body piercing and other permanent changes to the appearance (such as tattooing) are not to be undertaken during the pilgrimage.

Working in the manner of Friends, the group will make additional rules and agreements, so that the experience can be comfortable for all participants.

## IMPORTANT INFORMATION AND SUGGESTIONS

The cost of the Pilgrimage is expected to be approximately \$2,500 (final estimate provided at time of acceptance). The cost does not include travel to and from Seattle where the group will arrive and depart. Pilgrims will be responsible for arranging their own personal travel & medical insurance. Pilgrims will be responsible for obtaining a passport and any required visas prior to the event.

The individual pilgrims and their monthly and yearly meeting or group should cover funding. FWCC is not able to provide financial help. Sometimes a small amount of scholarship aid is available through special donations to FWCC but other funding options must be fully explored first.

Please include with your application specific statements about each of the sources of funding available to you for this Pilgrimage. Sometimes service clubs (e.g. Rotary, charitable organizations) in the hometown of youth seeking such opportunities are able to help with funding. Also include letters of support from someone involved with each source of funding that you plan to seek.

Some suggestions:

Write to clerks or other appropriate leaders of each source and tell them that you are applying for the 2010 Quaker Youth Pilgrimage. Tell them if you are accepted for the Pilgrimage, you will need financial help. Tell them that if you are able to participate you will learn about Quaker history, as well as Quaker faith and practice. Tell them why you want to participate in the Pilgrimage and tell them how you plan to share and use your experiences with people in the Meeting/Church. Let them know that you will not know if you are accepted for the Pilgrimage until November 2010.

**When you know of your plans either to go, or not to go on the Pilgrimage, be sure to let all of these people, whom you initially contacted for financial support, know of your decision.**

It is important that you have a mentor with whom you can share thoughts, reflections and experiences both before and after the Pilgrimage. This would usually be an adult Friend in your meeting or someone who has been on a previous pilgrimage either as a pilgrim or as a leader.

**REQUEST FOR REFERENCE FOR PILGRIMS**

Dear Friend,

A young Quaker who has submitted an application to join the Quaker Youth Pilgrimage in the summer of 2010 has given this letter to you. We hope you will help us carefully consider this application by sending us your thoughts about the readiness of the young person for this experience, in light of the following information.

28 young Quakers will be chosen from the Americas and Europe. Four adult leaders will accompany the pilgrims. The Pilgrimage will involve four weeks of travel as a group in Washington and Oregon. During the month, the pilgrims will be living and traveling together. Sometimes they will be staying with local families. They will explore some Quaker historical sites. They will be exposed to people from different cultures and with different beliefs.

The purpose of this experience is for pilgrims to see roots of their Quaker faith and to exercise their maturity in Quaker practice. It will give the individuals the opportunity to consider the relevance of what they see of their Quaker heritage and apply it to their own lives, values and futures.

The pilgrims must be mature, open young people who show promise of active participation in the Religious Society of Friends. As you evaluate the candidate please address your comments to the following:

- Readiness for a significant spiritual experience
- Physical stamina for a month of strenuous activity
- Ability to get along with others in intensive group situations
- Ability to relate to people from different cultures
- Ability to relate to people with different values, views and beliefs
- Ability to contribute to role modeling for other Quaker youth
- Demonstrated seeking in their Quaker faith commitment

As part of your letter, please describe three strengths and three weaknesses of this person. Include other points that you think would be helpful. Unprepared or immature participants could experience significant disappointment and provide the group with a great deal of stress. For this to be the best possible experience for all of the pilgrims, we need your most candid thoughts.
